Motion approved [8-0-2]

7. Governance Committee Report

Paul Lipton provided an update on the Governance Committee, noting that first drafts of the Conflict of Interest and Document Retention policies have been completed and are now undergoing review within the committee.
8. OASIS Executive Director's Report

Laurent Liscia provided an update on OASIS, noting items he had provided in the Executive Report, including positive points related to the financial health of the organization. The Board discussed feedback from adoption TCs related to changes of the TC Process, and considered reviewing feedback during the February 2011 F2F. The Board noted the rationale for the Process change, including needing appropriate formal representation of OASIS and OASIS TCs, but is interested in listening to member feedback.

The Board also discussed the LegalXML Member Section and noted that additional information supports maintaining the spending freeze. If the LegalXML member section steering committee brings no new information to the Board then the Board may terminate funding or even shut down the member section at the February 2011 meeting. New work could still come to OASIS as new TCs; however they may not need to affiliate with a member section.

9. Kavi 5 Migration Report

Laurent Liscia provided an update on the Kavi 5 Migration, noting that the Kavi Corporation and Cloud Four Statements of Work have been signed by both parties. Work on the Discovery Report are underway and are nearing completion - the schedule has slipped by one week for this item. Technical discussions between OASIS and Cloud Four have been completed. No roadblocks have been discovered and Cloud Four has completed a similar project for another customer giving positive indications. The TAB still needs to do additional work related to testing. The Board asked whether further Kavi upgrades will be possible once this current upgrade process is completed without requiring a repeated technical upgrade contract.

10. Finance Committee Report

Jim Hughes provided an update on the Finance Committee status. He noted that the Finance Committee has an Information Security Policy draft (see http://www.oasis-open.org/apps/org/workgroup/board-plus/email/archives/201010/msg00036.html) but that it should be approved by the Board in conjunction with the Document Retention Policy being produced by the Governance Committee.

Scott McGrath provided an update on the September operations report - the Board had no questions (see http://www.oasis-open.org/apps/org/workgroup/board-plus/email/archives/201011/msg00002.html). Scott McGrath also presented an introduction to the draft 2011 budget, reviewing assumptions noted in the budget (see http://www.oasis-open.org/apps/org/workgroup/board-plus/email/archives/201011/msg00007.html). The Board reviewed the draft budget at this meeting so that any Board concerns can be raised before the Finance Committee requests approval of the 2011 budget at the December Board meeting.

ACTION 2010-11-18.1: Finance Committee to add more detail to the 2011 budget on expense categories, including G & A expense category (lines 16-18).

Noteworthy is that this budget would use funds retained this year for Kavi upgrade and other projects to enable improvements for the OASIS members.
11. Process Committee Report

No discussion.

<Scott McGrath, Mary McRae, Tony Giroti left the meeting>

12. Staffing & Compensation Committee

The Board of Directors entered Executive Session to discuss Staffing & Compensation Committee.
