It was agreed to add supporting material to agenda topics 5 and 7, and the resolved to add two “Category A” items to agenda topic 5.

2. Approval of Minutes

The minutes of the Board meeting of 20-21 October 2011 were approved.

3. Open Action Review

The Board:

- Closed the following Action Items:
  #0012: To seek assurance that, from a tax perspective, the organization is operating according to the rules of its tax-exempt status - may need to consult Administaff or a tax adviser on this.
  #0014: Governance Committee to pursue ethics and whistle-blower policies as a priority and present recommendations back to the Board.
  #0015: Ensure that reference is made to the existence of a Conflict of Interests policy in the organization’s “990” filing.

- Carried forward the following Action Items:
  #0011: TC Administration is asked to re-examine an earlier "TC timeline" note prepared by Mary McCrae that could serve as a useful informational document to TCS and members, outlining the minimum/likely/ideal timelines for a typical TC process leading to TC deliverables.
  #0013: The Executive Director and Secretary together with interested Board members examine existing Member Section procedures and issues with a view to report back to the Board with specific proposals.
  #0016: Process Committee to look further at the Member Section qualified elector issue and identify any issues that ought to be brought back to the Board.
  #0017: Process Committee should examine the consequences of the 2010 TC process changes and report back to the Board.
  #0018: Hold Board discussion on objectives for May 2012 F2F meeting in Paris.
4. Executive Director’s Report

The ED called into the conference from Poznan, Poland, where he was addressing the Borderless Governance conference on interoperability and the PEPPOL project – he was able to approach a number of prospective members and partners. As a result, the Business Documents Exchange (BDX) TC will likely be re-chartered to cover eDelivery and not just Business Documents; this may allow the EC to join the activity. The relationship with ETSI was discussed, where ETSI was not effectively promoting OASIS as a partner, per the liaison arrangement with ETSI. He noted that AFNET may be able to collect funds which could subsidize membership of European entities, as done by some of the European Standards Organizations.

The positive improvements in the China office were noted. Trips to other communities (Israel, India in particular) will be deferred due to budget considerations, but they remain as potential expansion areas.

His monthly report was provided for reference.

5. Finance Committee Report and Draft Budget 2012

The board considered a memo to “Lift LegalXML Spending Freeze”, agreed that the LegalXML Member Section is now a going concern, and agreed to lift the spending freeze, effective 1 November 2011.

The board considered a memo to “Accept Gift from ISTPA”, agreed to accept the gift under the terms of the donor’s letter, and transfer the funds to the IDtrust Member Section for their use.

6. Process Committee Report

Jeff Mischkinsky reported that several Process Committee meetings had been held, but no progress had been made on the two Action Items assigned.

7. Governance Committee Report

Tony Giroti reported on Governance Committee activity, noting that it was discussing possible changes to the election process in the Bylaws with respect to the STV process. Jamie Clark is preparing a proposal for Committee consideration.

Tony reported further on Ethics and Whistle Blower policies, which are still under discussion in Committee.

8. Meeting Schedule

It was agreed that the board would review the rationale for holding a May 2012 meeting in Paris during the upcoming 15 December 2011 teleconference, and make a firm decision on that location then.
