Minutes – Day 1

1. Welcome, Agenda Review

The Chair called the meeting to order and took roll call. With 9 of 11 members present, the meeting was quorate. The draft agenda was adopted as posted.
Gershon observed that outgoing Board members Peter Brown and Sanjay Patil were unable to be present. Gershon then welcomed new Board members Beth Pumo and Bruce Rich to the Board, who formally assumed their directorships at the start of day 2.

2. Approval of Minutes
The motion to approve the minutes of the June 28, 2017 Board meeting was moved by Martin and approved by unanimous consent.

3. Executive Director’s Report
Laurent Liscia, Executive Director, reviewed his most recent report to the Board.
Laurent discussed the business and financial challenges OASIS is facing, due to a changing technology standards market, while highlighting the market opportunity that cyber security offers to OASIS.

4. Executives and Officers Insurance Review
As part of action item 2017-03-07.01, insurance consultant Mitch Davis discussed recent and proposed changes to the insurance OASIS carries for its officers and directors.
Mitch outlined the considerations regarding coverage for individuals who wish to serve on the OASIS Board, and he explained the difference between Errors & Omissions and Directors & Officers coverage. He provided his interim report to the Board and will work with Scott McGrath to finish it.

5. TC Admin Update
Chet Ensign, Director of Standards Development and TC Administration, provided an update on TC Admin status and activities. He reviewed the various metrics he tracks to measure TC Admin responsiveness to OASIS members, and he observed that 20% of the TCs generate 80% of the work.

Carol Geyer and Dee Schur provided an update on new business development activities, while Barbara Erbes reported on membership renewals and Jane Harnad reported on events. (This item was moved up from its published agenda time later in the day.)
Carol and Dee elaborated on the themes of the Executive Director’s report, specifically the changing business environment and the challenges it presents to business development. They observed that non-profits are becoming a larger percentage of the OASIS membership and that this has a direct revenue impact. They reviewed the targeted (versus general) marketing techniques OASIS plans to adopt to respond to changing market conditions.
7. IT Strategy Update
Scott McGrath, COO, reviewed proposed changes and upgrades to our IT infrastructure.

In particular Laurent covered the positive impact of recent cybersecurity initiatives, and indicated that expanding OASIS’ already solid presence in cybersecurity standards is a high priority for OASIS.
Minutes – Day 2

1. Welcome, Agenda Review

Gershon Janssen, Chair, presided at the meeting. Dave Ings, Secretary, took the minutes.

Gershon proposed a motion to recognize outgoing Director Sanjay Patil’s service to the Board. The motion was approved by unanimous consent. (Note outgoing Director Peter Brown’s service was recognized at the prior Board meeting.)

2. Election of Officers and Committee Assignments

Scott McGrath, COO, conducted the annual election of Board officers and committee chairs.

The following Board members were acclaimed to Board officer positions as follows:

- Chair: Gershon Janssen
- Vice-Chair: Martin Chapman
- Treasurer: Frederick Hirsch
- Secretary: Dave Ings

The following Board members were acclaimed to committee chair positions as follows:

- Executive Committee: Gershon Janssen
- Finance and Audit Committee: Frederick Hirsch
- Governance Committee: Frederick Hirsch
- IPR Committee: Ram Jeyaraman
- Process Committee: Martin Chapman
- Staffing and Compensation Committee: Gershon Janssen

3. Finance Committee Report

Frederick Hirsch, Treasurer, led the discussion, held in executive session, and moved up from its published agenda time later in the day, of:

- The review of the June 2017 operations report.
- The impact of the proposed IT enhancements to the 2017 budget.
4. OASIS Certification – What It Is, What It Isn’t

Laurent Liscia, Executive Director, and Chet Ensign, Director of Standards Development and TC Administration, reviewed the history and goals of the OASIS certification program.

As a matter of policy, OASIS helps TCs publish interop and self-certification (self-declaration) results but does not provide a formal certification program. It is felt that this is the right approach, given that different TCs have different requirements and practices, and this allows members to evaluate the claims of vendors implementing OASIS standards. Chet and Jamie were asked to consider drafting best practice guidelines, to provide TCs with a palette of choices.

5. TAB Update

Chet Ensign, Technical Advisory Board chair, provided an update on the TAB’s activities.

6. TAB Size and Scope Discussion

Chet Ensign, Technical Advisory Board chair, led the discussion.

The Board has from time to time adjusted the role, scope and size of the TAB. It was suggested that the TAB be expanded from its current size of four. The pros and cons of this suggestion were discussed, but a majority of the Board felt that to increase the size so soon after a TAB election would be inappropriate.

It was agreed to revisit this at the next Board F2F, and the Secretary was asked to draft a motion increasing the size of the TAB by 2, for consideration at the next Board F2F.

7. OASIS Interop Policy Discussion

Laurent Liscia and Jamie Clark led the discussion.

This discussion was part of the work required to complete action item 2017-03-07.06.

There was an extended discussion about the appropriate approaches to handling interop participants who don’t follow the participation rules for an OASIS interop event. At the conclusion of the discussion it was suggested that the following questions be referred to the governance committee for further study:

1. What can be done about a “bad actor”. Do the current interop rules allow discipline or penalty to be imposed, where warranted?
2. Should the enforcement responsibility be transferred from the TC to OASIS?
3. Should the interop event financial model and/or contract be revised?

8. Open Projects Update

Martin Chapman and Ram Jeyaraman, chairs of the Process and IPR committees (respectively) provided a status update on the Open Projects initiative and summarized the remaining work.

Ram reported that the IPR committee is working with the counsels of several Board members to solve the outstanding IPR issues on the critical path for deploying the project.
9. Organizational Health & Board-Only Discussion
Gershon Janssen led the discussion. The discussion was held in executive session.

10. Staffing & Compensation Committee Report
Gershon Janssen led the discussion. The discussion was held in executive session. (This item was moved up from its published agenda time on day 3.)

4. OASIS Policy Maintenance

Due to time constraints, this topic was deferred to a future Board meeting.

5. Strategy Session
